Are your pieces hidden away?

Up on shelf gathering dust

Are your pieces scattered all around?

Under the chair, in the plant pot

Are you pieces laid out for all to see?

The outline is there with a missing piece

Your make my jigsaw so complete

A sight to behold

Beautiful

Your make my jigsaw so complete

A sight to behold

Beautiful

Her delicate pieces placed to carefully

Always correct and so direct

His small pieces spread out on the floor

They're just colour coded with no clear picture.

Someone's pieces spilled out on the floor

Lost this day or meant that way?

Are you pieces beautiful?

Are you pieces beautiful?

Are you pieces beautiful?

Are you pieces beautiful?
