

## The Whole Picture

Capo 4:

Chords without a capo (roughly)

Ab with different roots

Chorus: Eb C C#

BRIDGE: Bb C F F7

Put your big toe in the water  
To find out if it's ok.  
Stepping in deeper  
Holding on for dear life.  
Are you brave enough  
To find out what might happen next?

*Watch you go your own  
In this land  
Watch you find your own way  
Through this life.*

Just kicking those legs  
Turning round in circles.  
You slip and fall  
With the fear in your eyes  
But you find out it's alright  
You can trust, you can float own way.

Trying not to give the whole game away  
Trying not to paint the whole picture.
